Testimonials

“Zoë has an up-beat personality which the children took to immediately. She clearly enjoys what she does and her enthusiasm inspires the children. She is a very well organised person and as a consequence the club runs very smoothly. Each time a series of lessons come to an end the students are immediately asking when the next one will start. For our school the introduction of street dance lead by Zoë have been a huge success, one that I hope will continue for as long as possible!”
